

Empowering Organizations, Transforming Lives

The Oregon Alliance is a dedicated champion and established voice in advocating for the safety, health, and well-being of children, youth, families, and communities across Oregon. We are a diverse group of organizations serving Oregon's kids and their families at home, in school, in residential settings, and within the community. We join with dedicated community leaders, our partners in government, allied fields, and those we serve to deliver effective policies, best practices, and resources. We work to help all children and youth live better lives and for families and communities to thrive in every corner of Oregon.

We influence legislation and funding priorities; as an Alliance member you are part of a dynamic group whose unified voice carries tremendous credibility and influence in the development of effective public policy and distribution of resources.

Alliance members have exclusive access to our sister organization, the Oregon Child & Family Center for Excellence. The Center offers a solutions-oriented approach to problems facing Oregon families. They focus on prevention, developing the human services workforce, advocating for systems innovations, and supporting providers in their ongoing efforts to improve their own quality of care.

Decades of work by the Alliance has established effective relationships with community partners, state agencies, the governor's office, and the legislature

Membership Benefits

Member affinity groups and committees where we share knowledge and strategically plan for action.

Early intelligence and action alerts for members on topics such as legislative movement, funding allocations, and policy changes.

Exclusive access to the Center for Excellence and discounts on Center for Excellence trainings.

Receive vital communication such as bulletins, newsletters, events.

25% discount on your COA accreditation

A benefit of Alliance membership is access to the Center for Excellence research team to help answer questions that arise in the course of organizations' efforts to improve the quality of their services. This could include specific questions about program development/evaluation, implications of new or proposed policies, and broader requests for a summary of the literature/evidence on a given topic.

Who We Are

Legislative Impact – We work in tandem with members, state agencies, and the legislature to drive innovative, community-driven policy to improve the lives of Oregon’s children, youth, and families.

Experience – We are a staffed, professional office with years of experience so you receive individualized focus, answers, and support.

Training – Through the Center for Excellence, we provide clinical trainings on best practices that are trauma-informed and impact service delivery including Ethics & Healthy Boundaries, Collaborative Problem Solving, Cultural Humility, and leadership development for established and emerging leaders.

Reputation – Alliance members are recognized for their decades of unmatched experience in providing the highest quality of services. The collaboration of membership has made the Alliance’s voice one of great credibility.

Annual Summit – The Alliance’s three-day Annual Summit provides compelling information from experts on relevant subjects. It also provides an opportunity to network and maintain strong communication among colleagues.

The Alliance advances and promotes quality community programs and services for the well-being of children, youth, and families in Oregon.

We watch for trends, threats, and opportunities. We summarize complex bills and policies. We advise you where you need to be to make a difference, when to be there, and coach you on the most effective message. We connect you with the people you need to know and provide advice, insight, and resources to manage issues and get you the attention you need. We are constantly engaged in activities affecting regulatory oversight of providers such as:

- Development of Oregon’s policies affecting children, youth, and families
- Budget recommendations, development, and funding priorities
- Administrative rules
- Contracting
- Critical needs in systems
- Advocating for streamlining efficiencies
